Spring Load Weight restrictions for Minnesota are in effect! Please make sure you are aware of the restrictions on all roads. Maps are available. You can Google it online by typing in Seasonal Load Limits along with the state you are inquiring about. If you would like a map mailed, please contact Kristen.

Also, I have sent out log violations for January. If you have any missing logs please turn them in. Make sure you are matching your fuel slips, logging 15 minutes for fuel. doing a pre-trip and post trip AND doing your 30 minute break BEFORE 8 HOURS!

******Trip Envelopes******

Please make sure that you are completing these correctly. There are a lot of envelopes coming in with miles not on them and miles not totaled. The date on the envelope needs to be the date that you pick up the load. (not delivery date)

And LASTLY. When doing your odometer miles... please make sure that your ending odometer for the current trip, STARTS your next trip envelope. This way all of your miles are accounted for. If you forget your odometer or forgot to write it down call Kristen, she has a list of all of them.
